

TUCSON

[More details](#)

Overtake the ordinary

Drive beyond the ordinary in the new TUCSON, combining a trend-setting design with advanced technology to uplift your experience.

Dynamism that exudes boldness

Behold, the new TUCSON's evolved signature parametric jewel design.
Here to showcase a more prominent and dynamic character than ever before.

Exterior

Reject the ordinary with eye-catching jewel-like elements of the front lamps as well as around the sides - boldly upgraded to allow you to stand out from the crowd.

Parametric Jewel Hidden Signature Lamps / Radiator Grille / Front Bumper

19-inch Alloy Wheels

*19" Alloys only available on the Executive Plus Hybrid, Executive PHEV & Platinum PHEV.

LED Rear Combination Lamps / Rear Bumper / Parametric Jewel Surfaces

*Rear LED's only available on Executive Plus, Platinum PHEV & N Line.

Interior

The cabin's wide horizontal design wraps around the interior, enveloping the passengers with a seamless architecture that integrates technology and style.

Wrap-Around Architecture Design

Ambient Mood Lamp

*Mood lighting available on Executive models upwards.

Panoramic Curved Display 12.3-inch (Cluster) + 12.3-inch (AVNT)

Make room for more. Its best-in-class cargo space and roomy interior support various lifestyles and activities, offering more versatility than ever.

1st & 2nd Row Seat

Folding Seats / Remote Folding System

*Remote Folding only available in Executive Plus & N Line.

Standard

6:4 Folding

Full Folding

Convenience

A reinvented layout with a host of intuitive technologies that enable an effortless and convenient on-the-road experience.

Wireless Power Charger (WPC)

Column-type Shift by Wire (SBW)

Performance

Equipped with next-generation powertrains, ensuring top-tier performance and optimal solutions for various driving scenarios.

Smartstream Gasoline 180 Maximum Power
1.6 T-GDI Engine PS/5,500 rpm

27.0 Maximum Torque
kgf·m/1,500~4,500 rpm

4WD HTRAC / Terrain Mode (Sand, Mud, Snow)

TUCSON AWD provides optimal driving performance through actively distributing driving force to the front and rear wheels according to various driving situations.

*4WD only available in PHEV versions.

Hybrid

Enjoy a new way of driving, balancing a smooth ride with more efficiency.

	Engine		Electric Motor	
Smartstream Gasoline 1.6 T-GDI Hybrid Engine	180 Maximum Power PS/5,500 rpm	27.0 Maximum Torque kgf-m/1,500-4,500 rpm	47.7 Maximum Power kW	264 Maximum Torque Nm

Hybrid Model

Hybrid Exclusive Features

Paddle Shifter-Regenerative Braking Mode

e-Comfort Drive

When passing speed bumps, this hybrid technology manages the motor to reduce vehicle pitch motion and provide a smooth ride.

When accelerating, the hybrid system controls the vehicle's motion such that the driver experiences less shaking and more linear acceleration.

e-Dynamic Drive

When the vehicle approaches a turn, the hybrid system regulates the vehicle's movement to execute torque vectoring while simultaneously maintaining the ideal level of tire grip for dynamic handling performance.

During lane change, this function provides a quick yaw response and improved cornering stability.

N Line

Packaged with an exclusive design, the new TUCSON N Line awaits those who desire that extra touch of sportiness.

N Line Exclusive Radiator Grille

N Line-Exclusive 19-inch Alloy Wheels / Body-color Cladding
N Line-Exclusive Single Twin Tip Muffler

N Line-Exclusive Interior (N Line Emblem Steering Wheel / Red Stitching)

N Line-Exclusive Suede Seats

Safety

The new TUCSON is packed with reliable features to protect you from the unexpected and ensure you leave no one behind.

Blind-Spot View Monitor (BVM)

*Blind-Spot View Monitor only available on Platinum PHEV & N Line.

6 Airbags

Surround View Monitor (SVM)

*Surround View Monitor only available on Executive Plus & N Line.

Rear Occupant Alert (ROA)

Hyundai SmartSense

Forward Collision-Avoidance Assist (FCA, Junction Turning)

Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection.

Lane Following Assist (LFA)

Lane Following Assist helps center the vehicle in the lane.

*Since the advanced driver assistance system is a function that assists the driver's operation, always drive with caution.

*The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.

In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

22 *The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

More details

Blind-Spot Collision-Avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.

Lane Keeping Assist (LKA)

If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

* Since the advanced driver assistance system is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.

In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Smart Cruise Control (SCC)

Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

*Smart Cruise Control is only available in Executive Plus Hybrid, Executive Plus PHEV and Platinum PHEV.

*Since the advanced driver assistance system is a function that assists the driver's operation, always drive with caution.

*The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.

In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

24 *The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

More details

Parking Collision Avoidance Assist (PCA)

Reverse Parking Collision Avoidance Assist (PCA) provides a warning if there is a risk of collision with a rear object while reversing. After the warning, if the risk of collision increases, it automatically assists with emergency braking.

*Parking Collision Avoidance Assist only available on Executive Plus & N Line.

Forward/Side/Reverse Parking Distance Warning (PDW)

Forward/Side/Reverse Parking Distance Warning (PDW) warns against collisions with objects around the vehicle at low speeds.

*Forward/Side/Reverse only available on Executive Plus & N Line.

*Since the advanced driver assistance system is a function that assists the driver's operation, always drive with caution.

*The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.

In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

*The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.
